Your future is taking shape with the NSHE Medical Resident/Postdoctoral Scholar Retirement Plan.

This plan is an important building block for your future. But you have to actively be involved to make the most of it. In the information provided, you will learn more about:

- How to enroll in the plan
- What the plan offers
- Which investment choices are available
- Who to go to for advice
- What your next steps are for building your retirement savings

As your employer, NSHE hopes you will use the retirement plan to build the kind of financial future you want and deserve.

For a quick overview of the NSHE Medical Resident/Postdoctoral Scholar Retirement Plan, visit **TIAA.org/NSHE**.

A relationship built for you.

NSHE has collaborated with TIAA to provide a single point of entry to the NSHE Medical Resident/Postdoctoral Scholar Retirement Plan. TIAA is the sole recordkeeper for NSHE's retirement programs — it is a leading financial services organization for those in academic, governmental and research fields. Visit **TIAA.org** to learn more about TIAA's commitment to higher education and financial performance.

Quick steps that can shape the future.

You have started building already! You have automatically been enrolled in the NSHE Medical Resident/Postdoctoral Scholar Retirement Plan. NSHE contributions and your contributions (6.2% each) will begin on your first paycheck. Take a few more steps to establish your account, invest your contributions and name your beneficiaries by visiting TIAA.org/NSHE. Once you select *Ready to Enroll*, follow the on-screen instructions and be sure to:

- Select your investments
- Name your beneficiaries

If you have an existing account with TIAA from a prior employer and are unable to establish your NSHE account, please **call TIAA** at **800-842-2252**.

Consider saving even more with the NSHE Supplemental 403(b) Plan! See page 8 for details on how to get started.

Need help?

Building for your future sometimes means you need an overall financial plan. TIAA is here to help! To meet with one of their financial consultants, visit **TIAA.org/schedulenow** to schedule an appointment or call **800-732-8353**, weekdays, 5 a.m. to 5 p.m. (PT).

Appointments are available on campus, virtually or in a TIAA office in Las Vegas or Reno.

Don't forget

The money you save in the NSHE Medical Resident/Postdoctoral Scholar Retirement Plan, may be your only source of retirement income. As a NSHE employee, you do not pay into or receive benefits from Social Security, and you may be subject to the Windfall Elimination Provision or WEP. The Social Security Administration classifies the NSHE Medical Resident/Postdoctoral Scholar Retirement Plan, as a pension plan alternative. As a result, participants are subject to the Windfall Elimination Provision. For more information, see Form SSA 1945.

Build a foundation with NSHE Medical Resident/Postdoctoral Scholar Retirement Plan.

The building blocks of your future begin with understanding the NSHE Medical Resident/Postdoctoral Scholar Retirement Plan. Below are some key features of the Plan and things you should know as you plan out your retirement future.

Eligibility

The NSHE Medical Resident/Postdoctoral Scholar Retirement Plan is mandatory for all employees engaged in a program for medical residency training or postdoctoral scholarship.

Employee contribution

You contribute 6.2% of your salary¹ on a pretax basis.

NSHE's contribution

NSHE also contributes 6.2% of your pretax salary.

Vesting

You are immediately vested 100% in both the NSHE contributions and your contributions.

Investment options

The plan offers a variety of investment options designed for all types of investors. See pages 10-11 for details and to determine what type of investor you are.

Rollovers

Rollovers into the NSHE Medical Resident/Postdoctoral Scholar Retirement Plan are not allowed. However, you may roll over money from a previous employer's retirement plan into the NSHE Supplemental 403(b) Plan. See page 8 for more information.

Fees

NSHE has negotiated the lowest investment management fees (i.e., share class) possible for the mutual funds in our retirement plan. We also offer a competitive and transparent fee structure for administrative fees. For more information, go to TIAA.org/NSHE and see the NSHE Fee Flyer by clicking on Announcement.

Portability

Your account is fully portable and distributions are available after you terminate employment with NSHE. Distribution options include rolling over to another qualified retirement plan or to an individual retirement account (IRA), or you may take a cash withdrawal in which case taxes and/or penalties may apply. Contact TIAA or consult your own advisor for more information about your options.

About your contributions

All plan participants contribute 6.2% of their salary, with a maximum salary cap of \$330,000.

Annual contributions to the NSHE Medical Resident/Postdoctoral Scholar Retirement Plan may not exceed 100% of your pay or the current annual IRS limits, whichever is less.

Want to build more? The NSHE Supplemental 403(b) Retirement Plan may help.

The NSHE Supplemental 403(b) Plan allows you to put away additional money for your retirement savings – up to the IRS limit². In the NSHE Supplemental 403(b) Plan, you can save on a pretax or after-tax (Roth) basis, and you have access to the same investment options as the NSHE DC Retirement Plan Alternative.

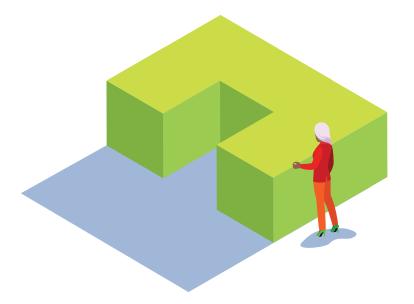

To begin supplemental savings, you need to complete two steps:

STEP 1

Initiate your contribution amount. Log in to your Workday account at www.myworkday.com/NSHE to initiate your salary deferral or make changes. You may elect a fixed amount or percent of pay.

STEP 2

Establish your account. Visit TIAA.org/NSHE and click Ready to Enroll. Select the radio button titled NSHE Supplemental 403(b) Plan and follow the on-screen steps.

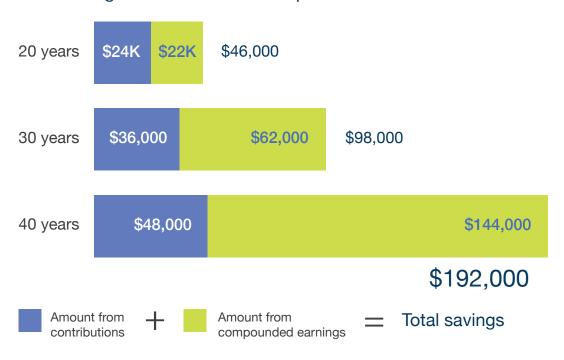

²Go to IRS.gov for the latest yearly contribution limit.

Why save more?

No matter where you are in your career, saving a bit more for retirement over 20, 30 or even 40 years can add up over time. Consider the chart below:

How saving \$100 a month adds up over time

Assumes a 6% annual return, which is purely hypothetical and not intended to predict or project the actual performance of any account. Actual returns will vary. Does not reflect expenses, fees or taxes that would result in lower returns. Assumes no withdrawals during the period indicated. This graph also does not factor in market volatility. All figures are rounded to the nearest thousand.

More ways to save.

Considering you may need 80% of your annual preretirement income³ for a comfortable lifestyle in retirement, you can also consider doubling your contributions. Because NSHE is a public entity and not a private employer, you can contribute an additional amount of money to the Nevada Deferred Compensation 457(b) Plan, up to the IRS limits⁴. Need more information? Visit https://defcomp.nv.gov/ to learn more.

³ Morningstar. "How much should I have in my 401(k)," January, 2023.

⁴Go to IRS.gov for the latest yearly contribution limit.

What block fits with your plan? The NSHE tiered investment menu gives you choices.

When you're building for the future, you always have options. Do you prefer to step back and let financial professionals handle your retirement investing strategy? Or do you have the skills and desire to select your own investments?

Savvy investing begins with an in-depth understanding of your investment style and long-term goals. Think about the level of involvement you're comfortable with and select the option that works best for you:

Tier 1

For those who prefer an investment professional to do it all for them.

Tier 2

For those who want to be involved. Create a retirement portfolio that's aligned with your goals.

Tier 3

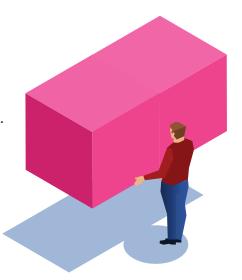

For the investmentsavvy who want to do it all themselves — and want the flexibility of a brokerage account.

Want more details on the investment options in this plan?

Visit **TIAA.org/NSHE** and click on the *Investment options* tab. Here you will find all your investment options, performance information and fund fact sheets.

Overwhelmed with all the options? TIAA is here to help!
To meet with one of their financial consultants, visit

TIAA.org/schedulenow to schedule an appointment or call
800-732-8353, weekdays, 5 a.m. to 5 p.m. (PT).

Appointments are available on campus, virtually or in a TIAA office in Las Vegas or Reno.

Tier 1 - Target Date Funds

For those who prefer an investment professional to do it all for them, Vanguard Target Retirement funds⁵ are available for you to use. Each fund invests in a broad mix of index funds to provide a diversified portfolio. Simply select the fund that most closely matches your anticipated retirement year. The funds' manager gradually shifts each fund's asset allocation to fewer stocks and more bonds so the fund becomes more conservative the closer you get to retirement.

As with all mutual funds, the principal value of a target-date fund isn't guaranteed at any time, even at the target date. Also, please note that the target date represents an approximate date when investors may plan to begin withdrawing from the fund.

⁵ NSHE Retirement Plan Alternative (RPA) includes Vanguard Target Retirement Trust Plus. All other NSHE retirement plans include Vanguard Institutional Target Retirement Funds. If you do not actively select your investment(s), your assets will be directed automatically to the NSHE Retirement Plan Qualified Default Investment Alternative, which is the Target Retirement Fund based on the date closest to when you turn age 65.

Target-date funds share the risks associated with the types of securities held by each of the underlying funds in which they invest. In addition to the fees and expenses associated with these funds, there is exposure to the fees and expenses associated with the underlying mutual funds as well.

Tier 2 - Core Lineup (Build Your Own)

For those who want to be involved, this tier provides you with the investment choices to create a retirement portfolio that's aligned with your investment preferences and goals. If you wish to create your own diversified investment mix, you may consider starting with the funds in this tier. The plan's core investments are monitored by NSHE's Retirement Plan Advisory Committee and can be combined to create a balanced portfolio designed to suit your goals. You may work with a TIAA financial consultant for assistance in building your portfolio. Remember, it is recommended to review and rebalance your investment allocations annually.

Tier 3 - Self-Directed Brokerage Window

For the investment-savvy who want to do it all themselves and would like the flexibility of a brokerage account, the self-directed brokerage may be appropriate for you. This tier provides flexibility beyond the core offering of funds. A self-directed brokerage account is not appropriate for everyone. Additional fees may apply and NSHE does not monitor the funds offered through the brokerage window.

Some securities may not be suitable for all investors. By opening a brokerage account, you will be charged a commission on all transactions and other account-related fees in accordance with the TIAA Commission and Fee Schedule. Visit TIAA.org/sda_caa for a complete list of commissions and fees. NOTE: The mutual fund transaction fees have been waived for NSHE account holders. Other fees and expenses apply to a continued investment in the funds, and are described in the fund's current prospectus. The Brokerage Account option is available to participants who maintain both a legitimate U.S. residential address and a legitimate U.S. mailing address. TIAA does not offer investment advice for brokerage investment options.

Shape your future with a trusted professional.

When building your unique future, don't forget you can get personalized advice⁶ from a TIAA financial consultant as part of your retirement plan at no additional cost to you. TIAA's advice is designed to help you answer these important questions:

Am I on track to reach my retirement savings goals?

TIAA will help you analyze how your investments are performing and determine if you're saving enough to help meet your needs.

Which combination of retirement plan investments is right for me?

Get assistance picking the right investments, diversifying properly and allocating contributions to balance your need for growth potential with your tolerance for risk.

How can I meet my income needs in retirement?

Get help determining the amount you'll need to meet your retirement income goals.

⁶ Advice is obtained using an advice methodology from an independent third party.

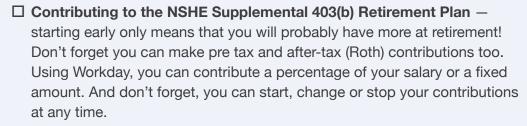

Build your future with NSHE
