

Welcome to your NYU Langone Health Retirement Plan

The NYU Langone Health 403(b) Retirement Plans feature auto-enrollment with a pre-tax payroll deduction of 4%. You have 30 days to opt out of the auto-enrollment feature if you do not wish to contribute the 4% at this time. You can also change your deferral election at any time during the year. Your contributions will be directed to the target-date fund closest to your projected date of retirement and your beneficiary will be set to "estate," until you make an election. You can always make updates to your account at any time.

You will also be able to automatically increase your contributions on a reoccurring basis simply by clicking a button. Automatic increase will help grow your retirement balance but is completely voluntary. You can start or stop it at any time.
