Important Information Regarding Your Voluntary Salary Reduction

- Any elective contribution designated by me to TIAA annuities will be invested in the TIAA Group Supplemental Retirement Annuity (GSRA), unless I have previously designated such contributions to the Retirement Annuity.
- I may request, by contacting TIAA, that my balances held in the annuities and/or mutual funds within the College's Plan be transferred to other funds offered through the College's Plan, subject to any restrictions imposed by the annuities and funds.
- That TIAA and the Custodian of Custodial Account assets may hold all or a portion of my account without investing funds, without liability for loss of income or appreciation and without liability for interest, in the event that I fail to designate the manner in which any funds held in my account are to be invested or my instructions are unclear.
- If I fail to make an investment designation, contributions will be invested in a "default" fund by TIAA on my behalf.
- Neither the College, TIAA, nor the Custodian undertake to render any investment advice and the responsibility of TIAA and the Custodian to invest any account in shares of the investment funds does not constitute an endorsement of any fund in which contributions may be invested.
- My elections above will continue until I elect (online, through Inside F&M) to discontinue my election, change my election, or until I become ineligible under the Plan.
- The College will not deduct a contribution from my pay or submit a contribution on my behalf to TIAA during any pay period in which I receive no wages.
- The College reserves the right to reduce my elective contributions during the Plan Year if necessary, with or without my consent, in order to comply with relevant federal or state regulations.
