

**WITHHOLDING CERTIFICATE FOR NONPERIODIC PAYMENTS
AND ELIGIBLE ROLLOVER DISTRIBUTIONS**
SUBSTITUTE FORM W-4R FOR CASH WITHDRAWALS

IMPORTANT INFORMATION

PLEASE READ BEFORE FILLING OUT FORM

This substitute form W-4R applies to non-rollover eligible payments that are nonperiodic and rollover-eligible payments.

Federal laws may require mandatory federal income tax be withheld from cash withdrawals. Our records indicate that you are a U.S. person (U.S. citizen or resident non-U.S. citizen), and may, therefore, be subject to federal tax withholding from your cash distribution. If you claim residence AND citizenship outside the United States, you must complete Form W-8BEN instead of this form W-4R to certify your foreign tax status. To print the W-8BEN form, go to [TIAA.org/forms](https://www.tiaa.org/forms) and scroll to Find tax forms. U.S. citizens living abroad, except in any U.S. territories, must elect to have taxes withheld. Distributions from retirement plans are subject to a federal default withholding rate depending on the type of payment. If you want the federal default rate applied, you do not need to submit this form as the federal default rate will be applied automatically. If you want a rate other than the federal default rate for either a non-periodic payment or an eligible rollover distribution or want no withholding on a non-periodic payment, please submit this form.

**WITHHOLDING CERTIFICATE FOR NONPERIODIC PAYMENTS
AND ELIGIBLE ROLLOVER DISTRIBUTIONS**
SUBSTITUTE FORM W-4R FOR CASH WITHDRAWALS

Your withholding rate is determined by the type of payment you will receive.

- For nonperiodic payments, the default withholding rate is 10%. You can choose to have a different rate by entering a rate between 0% and 100% on line 2. Generally, you can't choose less than 10% for payments to be delivered outside the United States and its territories.
- For an eligible rollover distribution, the default withholding rate is 20%. You can choose a rate greater than 20% by entering the rate on line 2. You may not choose a rate less than 20%.

See IRS Form W-4R Withholding Certificate for Nonperiodic Payments and Eligible Rollover Distributions Instructions attached at the end of this form for more information.

Step 2

Complete this line if you would like a rate of withholding that is different from the default withholding rate. See the IRS Form W-4R Withholding Certificate for Nonperiodic Payments and Eligible Rollover Distributions Instructions and the Marginal Rate Tables attached at the end of this form for additional information.

Enter the rate as a whole number (no decimals) _____ Line 2 _____ %

STEP 3. YOUR SIGNATURE

The form will become effective with your next available payment. You may revoke this election at any time by filing a new federal income tax withholding election form with TIAA.

Under penalties of perjury, I certify that: (1) The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and (2) I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and (3) I am a U.S. citizen or other U.S. person; and (4) the FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Please sign your full legal name with suffix, if applicable, using black ink, or online using TIAA's digital signing experience.

OPTIONS TO RETURN COMPLETED FORM(S)

OPTION 1: Digitally sign and submit your form.

If you received a digital form, complete the digital signature process.

OPTION 2: Use the TIAA mobile app to quickly upload your completed document(s). It's as simple as taking a picture. Haven't downloaded the TIAA mobile app? Get it today in the [App Store](#) or [Google Play](#).

Tap the **Profile** icon in the lower-right corner of your screen, then tap **Upload files** and follow the step-by-step instructions.

OPTION 3: Use your personal computer to quickly upload your completed document(s).

Go to tiaa.org/upload, select **Upload files**, and follow the step-by-step instructions.

OPTION 4: If you prefer to fax or mail your completed documents, use the information provided below.

FAX:

800-914-8922 (within U.S.)

704-595-5795 (outside U.S.)

STANDARD MAIL:

TIAA

P.O. Box 1280

Charlotte, NC 28201-1280

OVERNIGHT DELIVERY:

TIAA

8500 Andrew Carnegie Blvd.

Charlotte, NC 28262

IRS FORM W-4R WITHHOLDING CERTIFICATE FOR NONPERIODIC PAYMENTS AND ELIGIBLE ROLLOVER DISTRIBUTIONS INSTRUCTIONS

GENERAL INSTRUCTIONS

Section references are to the Internal Revenue Code.

Future developments. For the latest information about any future developments related to Form W-4R, such as legislation enacted after it was published, go to www.irs.gov/FormW4R.

Purpose of form. Complete Form W-4R to have payers withhold the correct amount of federal income tax from your nonperiodic payment or eligible rollover distribution from an employer retirement plan, annuity (including a commercial annuity), or individual retirement arrangement (IRA). See page 2 for the rules and options that are available for each type of payment. Don't use Form W-4R for periodic payments (payments made in installments at regular intervals over a period of more than 1 year) from these plans or arrangements. Instead, use Form W-4P, Withholding Certificate for Periodic Pension or Annuity Payments. For more information on withholding, see Pub. 505, Tax Withholding and Estimated Tax.

Caution: If you have too little tax withheld, you will generally owe tax when you file your tax return and may owe a penalty unless you make timely payments of estimated tax. If too much tax is withheld, you will generally be due a refund when you file your tax return. Your withholding choice (or an election not to have withholding on a nonperiodic payment) will generally apply to any future payment from the same plan or IRA. Submit a new Form W-4R if you want to change your election.

2023 MARGINAL RATE TABLES

You may use these tables to help you select the appropriate withholding rate for this payment or distribution. Add your income from all sources and use the column that matches your filing status to find the corresponding rate of withholding. See the next page for more information on how to use this table.

Single or Married filing separately		Married filing jointly or Qualifying surviving spouse		Head of Household	
Total income over—	Tax rate for every dollar more	Total income over—	Tax rate for every dollar more	Total income over—	Tax rate for every dollar more
\$0	0%	\$0	0%	\$0	0%
13,850	10%	27,700	10%	20,800	10%
24,850	12%	49,700	12%	36,500	12%
58,575	22%	117,150	22%	80,650	22%
109,225	24%	218,450	24%	116,150	24%
195,950	32%	391,900	32%	202,900	32%
245,100	35%	490,200	35%	252,050	35%
591,975*	37%	721,450	37%	598,900	37%

* If married filing separately, use \$360,725 instead for this 37% rate.

GENERAL INSTRUCTIONS (CONTINUED)

Nonperiodic payments—10% withholding. Your payer must withhold at a default 10% rate from the taxable amount of nonperiodic payments unless you enter a different rate on line 2. Distributions from an IRA that are payable on demand are treated as nonperiodic payments. Note that the default rate of withholding may not be appropriate for your tax situation. You may choose to have no federal income tax withheld by entering “-0-” on line 2. See the specific instructions below for more information. Generally, you are not permitted to elect to have federal income tax withheld at a rate of less than 10% (including “-0-”) on any payments to be delivered outside the United States and its territories.

Note: If you don't give Form W-4R to your payer, you don't provide an SSN, or the IRS notifies the payer that you gave an incorrect SSN, then the payer must withhold 10% of the payment for federal income tax and can't honor requests to have a lower (or no) amount withheld. Generally, for payments that began before 2023, your current withholding election (or your default rate) remains in effect unless you submit a Form W-4R.

Eligible rollover distributions—20% withholding. Distributions you receive from qualified retirement plans (for example, 401(k) plans and section 457(b) plans maintained by a governmental employer) or tax-sheltered annuities that are eligible to be rolled over to an IRA or qualified plan are subject to a 20% default rate of withholding on the taxable amount of the distribution. You can't choose withholding at a rate of less than 20% (including “-0-”). Note that the default rate of withholding may be too low for your tax situation. You may choose to enter a rate higher than 20% on line 2. Don't give Form W-4R to your payer unless you want more than 20% withheld.

WITHHOLDING CERTIFICATE FOR NONPERIODIC PAYMENTS AND ELIGIBLE ROLLOVER DISTRIBUTIONS SUBSTITUTE FORM W-4R FOR CASH WITHDRAWALS

Note that the following payments are **not** eligible rollover distributions: (a) qualifying “hardship” distributions, and (b) distributions required by federal law, such as required minimum distributions. See Pub. 505 for details. See also Nonperiodic payments—10% withholding above.

Payments to nonresident aliens and foreign estates. Do not use Form W-4R. See Pub. 515, Withholding of Tax on Nonresident Aliens and Foreign Entities, and Pub. 519, U.S. Tax Guide for Aliens, for more information.

Tax relief for victims of terrorist attacks. If your disability payments for injuries incurred as a direct result of a terrorist attack are not taxable, enter “-0-” on line 2. See Pub. 3920, Tax Relief for Victims of Terrorist Attacks, for more details.

SPECIFIC INSTRUCTIONS

LINE 1B

For an estate, enter the estate’s employer identification number (EIN) in the area reserved for “Social security number.”

LINE 2

More withholding. If you want more than the default rate withheld from your payment, you may enter a higher rate on line 2.

Less withholding (nonperiodic payments only). If permitted, you may enter a lower rate on line 2 (including “-0-”) if you want less than the 10% default rate withheld from your payment. If you have already paid, or plan to pay, your tax on this payment through other withholding or estimated tax payments, you may want to enter “-0-”.

Suggestion for determining withholding. Consider using the Marginal Rate Tables on the previous page to help you select the appropriate withholding rate for this payment or distribution. The tables are most accurate if the appropriate amount of tax on all other sources of income, deductions, and credits has been paid through other withholding or estimated tax payments. If the appropriate amount of tax on those sources of income has not been paid through other withholding or estimated tax payments, you can pay that tax through withholding on this payment by entering a rate that is greater than the rate in the Marginal Rate Tables.

The marginal tax rate is the rate of tax on each additional dollar of income you receive above a particular amount of income. You can use the table for your filing status as a guide to find a rate of withholding for amounts above the total income level in the table.

To determine the appropriate rate of withholding from the table, do the following. Step 1: Find the rate that corresponds with your total income not including the payment. Step 2: Add your total income and the taxable amount of the payment and find the corresponding rate.

If these two rates are the same, enter that rate on line 2. (See Example 1 below.)

If the two rates differ, multiply (a) the amount in the lower rate bracket by the rate for that bracket, and (b) the amount in the higher rate bracket by the rate for that bracket. Add these two numbers; this is the expected tax for this payment. To get the rate to have withheld, divide this amount by the taxable amount of the payment. Round up to the next whole number and enter that rate on line 2. (See Example 2 below.)

If you prefer a simpler approach (but one that may lead to overwithholding), find the rate that corresponds to your total income including the payment and enter that rate on line 2.

Examples. Assume the following facts for Examples 1 and 2. Your filing status is single. You expect the taxable amount of your payment to be \$20,000. Appropriate amounts have been withheld for all other sources of income and any deductions or credits.

Example 1. You expect your total income to be \$60,000 without the payment. Step 1: Because your total income without the payment, \$60,000, is greater than \$58,575 but less than \$109,225, the corresponding rate is 22%. Step 2: Because your total income with the payment, \$80,000, is greater than \$58,575 but less than \$109,225, the corresponding rate is 22%. Because these two rates are the same, enter “22” on line 2.

Example 2. You expect your total income to be \$42,500 without the payment. Step 1: Because your total income without the payment, \$42,500, is greater than \$24,850 but less than \$58,575, the corresponding rate is 12%. Step 2: Because your total income with the payment, \$62,500, is greater than \$58,575 but less than \$109,225, the corresponding rate is 22%. The two rates differ. \$16,075 of the \$20,000 payment is in the lower bracket (\$58,575 less your total income of \$42,500 without the payment), and \$3,925 is in the higher bracket (\$20,000 less the \$16,075 that is in the lower bracket). Multiply \$16,075 by 12% to get \$1,929. Multiply \$3,925 by 22% to get \$863.50. The sum of these two amounts is \$2,792.50. This is the estimated tax on your payment. This amount corresponds to 14% of the \$20,000 payment (\$2,792.50 divided by \$20,000). Enter “14” on line 2.
