2. Enter your online banking credentials, select next, and enter any additional security information your bank may require, such as two-step verification or security questions.

3. Select the account you’d like to link and you’re all set.
Manually enter your bank information

1. Select account type and enter your institution’s information.

2. Enter your online banking credentials and you’re all done. If you’re not able to enter your credentials, select Verify With Test Deposits.
