

Your money. Your future. Your options.

Learn the facts about your employer plan money

BUILT TO PERFORM.

CREATED TO SERVE.

Important retirement plan decisions can be difficult to make. You don't have to do it alone. Call us—we're here to help.

Please call **800-842-2252** today.

If you are an Individual Advisory Services client, please contact your advisory team or call us at **866-220-6583**.

For tax-related issues, consult a tax advisor.

This document is meant to help you identify some important considerations. There may be other factors you should consider based on your specific circumstances.

Before you leave, it's important to be aware of the options you have when it comes to your employer plan money. Today's decisions can have a substantial effect on your income in retirement.

Are you invested in TIAA Traditional or TIAA-CREF variable annuities? You could be leaving behind valuable benefits and opportunities. Call **800-842-2252** for more information.

Option 1: Leave your money in your former employer's retirement plan

Potential advantages

- Continued opportunity for tax-deferred growth
- Keep money in plan-specific investment options; investment alternatives may include lower-cost, institutional-class products
- Many plans at TIAA have access to plan-specific advice, planning tools and education
- Loans and hardship withdrawals may be permitted
- Penalty-free withdrawals permitted if separated from service after age 55
- Potential increased protection from creditors under federal law
- Plan may have lower administrative fees than other options
- Preservation of guaranteed rate on income products, like TIAA Traditional, within the plan¹

Issues to consider

- May have a limited number of investment options
- Withdrawal options may be restricted
- Cannot make additional contributions
- Some plans may not provide access to plan-specific advice
- Plans may have administrative fees (e.g., recordkeeping, compliance or trustee fees)
- Plan may impose limitations (e.g., income distribution or spousal waivers) or plan may be changed by employer (e.g., available investments, fees, services, providers, termination provisions)
- Managing assets across multiple plans or accounts may be difficult

Plan an income you can't outlive

With people living longer, retirement is lasting longer. A financial advice session can help you set and achieve your retirement goals, including a plan for income you can't outlive.

Please call **800-732-8353** to schedule an advice session.

¹ Guarantee is subject to the claims-paying ability of the issuing insurance company.

Option 2: Move your money directly into an Individual Retirement Account (IRA)

Potential advantages

- Depending on the type of rollover, there may be no income tax or penalties
- You can consolidate multiple accounts into one IRA, providing a clearer picture of your retirement assets
- Typically a broader range of investment options
- Continued opportunity for tax-deferred growth
- Access to IRA-specific advice, planning tools and education
- Continue to make contributions subject to IRS limits
- Ability to set up periodic and ad hoc withdrawals
- Many IRA providers offer managed accounts, which can provide professional portfolio management tailored to your investment preferences
- Ability to convert to a Roth IRA
- Access to trust services with some IRAs

Issues to consider

- Access to plan-specific investments may not be available
- Cannot take a loan from an IRA
- Some IRA investments may include trading-related expenses, including commissions and fees
- May need to liquidate investments before rolling over to an IRA
- May lose valuable benefits. For example, if you have been investing in a guaranteed income annuity such as TIAA Traditional, you may be giving up the potential to receive higher income payments.²
- No penalty-free withdrawals prior to age 59½ (exceptions are available)
- Some investment expenses and account fees may be higher
- IRA assets generally protected by bankruptcy (state laws vary)
- Some IRAs may not include an annuity product

Option 3: Move your money directly into your new employer's retirement plan

Potential advantages

- Continued opportunity for tax-deferred growth
- Plan may allow for a loan or hardship withdrawal
- No income tax or penalties with a direct rollover
- Penalty-free withdrawals permitted if separated from service after age 55. **See note on page 4**
- Potential increased protection from creditors and legal judgments
- Plan may have lower administrative fees than other options
- Investment alternatives may include lower-cost, institutional-class products
- Access to plan-specific advice

Issues to consider

- New employer's plan may not accept rollovers, so this option may not be available
- Withdrawal options may be restricted
- Typically limited investment choices
- May not include an in-plan annuity that can provide lifetime income
- May need to liquidate investments
- May lose valuable benefits. For example, if you have been investing in a guaranteed income annuity such as TIAA Traditional, you may be giving up the potential to receive higher income payments.²
- Plans may have administrative fees (e.g., recordkeeping, compliance or trustee fees)
- Plan may offer more expensive investment options, including commissions, than your former employer's retirement plan
- Plan may impose limitations (e.g., income distribution) or plan may be changed by employer (e.g., available investments, fees, services, providers, termination provisions)

² When you retire, any declared additional amounts will increase your income payments. While additional amounts are not guaranteed, TIAA's Board has paid them every year since 1948.

Option 4: Withdraw your money in cash

Potential advantages

- Immediate access to your cash

Issues to consider

- 20% federal income tax withheld; state taxes may also apply
- Distributions will be taxed as ordinary income when you file your taxes
- Potential 10% early withdrawal penalty may apply if you are under age 59½. **See note below**
- May lose valuable benefits. For example, if you have been investing in a guaranteed income annuity such as TIAA Traditional, you may be giving up the potential to receive higher income payments.³
- Loss of potentially tax-deferred, long-term growth
- 60-day window to roll over before funds are taxed as ordinary income and could incur potential penalties

³ When you retire, any declared additional amounts will increase your income payments. While additional amounts are not guaranteed, TIAA's Board has paid them every year since 1948.

NOTE: If you separate from service between the ages of 55 and 59½, the IRS allows you to withdraw money from a qualified retirement plan other than an IRA without paying an additional 10% tax penalty. This “Rule of 55” applies to employees who leave their jobs for any reason during or after the year of their 55th birthday.

This material is for informational or educational purposes only and does not constitute fiduciary investment advice under ERISA, a securities recommendation under all securities laws, or an insurance product recommendation under state insurance laws or regulations. This material does not take into account any specific objectives or circumstances of any particular investor, or suggest any specific course of action. Investment decisions should be made based on the investor's own objectives and circumstances.

You should consider the investment objectives, risks, charges, and expenses carefully before investing. Please call 877-518-9161 or log on to TIAA.org for underlying product and fund prospectuses that contain this and other information. Please read the prospectuses carefully before investing.

Prior to rolling over, consider your other options. You may be able to leave money in your current plan, withdraw cash or roll over the assets to a new employer's plan, if one is available and rollovers are permitted. Compare the differences in investment options, services, fees and expenses, withdrawal options, required minimum distributions, other plan features and tax treatment. Speak with a TIAA consultant and your tax advisor regarding your situation.

Investment, insurance, and annuity products are not FDIC insured, are not bank guaranteed, are not deposits, are not insured by any federal government agency, are not a condition to any banking service or activity, and may lose value.

The tax information provided is not intended to be used, and cannot be used, to avoid possible tax penalties. Neither TIAA-CREF nor its affiliates offer tax advice. Taxpayers should consult an independent tax advisor for advice based on their own particular circumstances.

TIAA-CREF Individual & Institutional Services, LLC, Member FINRA, distributes securities products. Annuity contracts and certificates are issued by Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equities Fund (CREF), New York, NY. Each is solely responsible for its own financial condition and contractual obligations.
