

Choosing an Effective Date in Retirement@Work State Campus Administration Payroll

When you make changes to your SUNY Voluntary 403(b) Savings Plan deduction amount in the Retirement@Work system (www.retirementatwork.org/suny), you'll need to choose an Effective Date, which can either be your "First Available Paycheck" or a specific "Future Date" set by you—as illustrated in the image below.

Note: This is not applicable to the NYS Deferred Compensation Plan (NYSDCP) 457(b) contributions.

When would you like to start making contributions?

First available paycheck
 Future date

- Monitor your pay stub contributions. For year-to-date contributions, calculate the desired contribution amount based on the remaining paychecks in the year.
- Monitor your payroll information to ensure your contribution has been processed.
- If you are selecting a future effective date, please consider that changes may take up to 30 days to be effective in your paycheck.
- If you elect to contribute a flat dollar amount that exceeds the amount available in your net pay, a partial deduction will be made equal to the amount of net pay available. This will result in a \$0 net paycheck.

Paycheck date*	The number of checks left in the calendar year
3/27/24	21
4/10/24	20
4/24/24	19
5/8/24	18
