The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

TIAA U.S. Bond ESG Fund (the "Fund")

A Sub-Fund of Nuveen Global Investors Fund plc (the "Company")

Class P USD Distributing ISIN: IE00BZ0GCQ20 (the "Class")

Objectives and investment policy

The objective of the Fund is to seek total return comprised of income and capital growth, while at the same time adhering to certain environmental, social and governance ('ESG') guidelines.

The Fund invests primarily in U.S. government (federal and state) and, corporate bonds with investment grade credit ratings that are consistent with the Fund's ESG criteria. The Fund may invest up to 20% in non-U.S. issuers, including emerging markets issuers.

The Fund's investments are determined based upon the sub investment manager's belief that the Fund can take advantage of what appear to be undervalued, overlooked or misunderstood issuers that may increase the Fund's profits. The Fund's sub investment manager utilizes various ESG criteria to establish whether an investment is eligible for inclusion in the Fund.

The Fund may invest in financial derivative instruments ("FDI"), which are financial instruments linked to the value of underlying assets. FDI may be used for, e.g., managing the Fund's exposure to foreign currencies, reducing risk, managing the Fund more efficiently and to achieve profit.

At times, the Fund may invest in cash and instruments that can be readily

converted into cash.

Any income the Fund generates will, at your election, either be paid out in the form of a monthly dividend or reinvested in shares of the Fund.

You may purchase or sell shares of the Fund on days on which both the New York Stock Exchange and retail banks in Ireland are open for business, subject to certain cut-off times. This Fund may not be appropriate for investors who plan to withdraw their money within 5 years.

For more information about the investment policy, see "Investment Objective and Policies" in the Company's prospectus available at www.nuveenglobal.com.

Risk and reward profile

This risk and reward category is based on synthetic data and may not provide a reliable indication of the Fund's actual future risk and reward, which is subject to many variables. A fund in the lowest category is not a risk-free investment. The risk and reward category is not guaranteed and may change over time.

The Fund is in category 3 as funds of this type have experienced average rises and falls (volatility) in value in the past. The risk and reward category indicated above reflects the historical volatility of shares held by the Fund.

The following risks, which are materially relevant to the Fund, may not be fully captured by the above risk and reward category:

ESG Guidelines Risk - ESG investment restrictions prohibit certain investments, which may reduce the number of investment opportunities for the Fund.

Investment Strategy Risk - Various data and computer systems are used to support decision making for the Fund; therefore, any inaccuracies or problems with such data and systems may negatively affect the Fund's performance.

Emerging Markets Risk - The Fund may invest in companies located in

countries in the initial stages of industrialisation with low per capita income. Such investments may be subject to greater risk due to political, economic, corporate governance, local market, accounting, liquidity, custody and other risks.

FDI Risk - Certain FDI may result in losses that are greater than the original amount invested. FDI also involve counterparty risk, which is the risk that a counterparty to the derivative contract cannot meet its obligations.

Risk Relating to Small Fund Size - At any time, the Fund may be small in asset size and/or have a small number of shareholders, which could create greater impact on shareholders in terms of inflows and outflows, purchasing or selling securities at inopportune times and/or market exposure, resulting in each shareholder bearing a greater portion of the Fund's expenses.

The Fund may not achieve its investment objective and the value of the shares may fall. For a more detailed explanation of risks, please refer to "Certain Risk Factors and Investment Considerations" in the Company's prospectus.

Charges for this Fund

The charges you pay are used to pay the costs of running the Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

One-off charges taken before or after you invest

Entry charge	5.00%
Exit charge	2.00%

This is the maximum that might be taken out of your money before it is invested or before the proceeds of your investment are paid out.

Charges taken from the Fund over a year

Ongoing charge	0.65%
----------------	-------

Charges taken from the Fund under certain specific conditions

Performance fee	None
-----------------	------

The **entry** and **exit charges** shown are maximum figures. In some cases you might pay less. You can find this out from your financial advisor or distributor.

The Fund may charge the 2.00% exit charge if shares are redeemed within 30 days. A charge of up to 5.00% may be payable when switching from the Fund to another sub-fund.

This class is yet to launch, the ongoing charges figure is an estimate. This figure excludes portfolio transaction costs (except for entry/exit charges paid when buying/selling in other schemes) and may vary from year to year.

For a more detailed explanation of charges, please refer to "Schedule V" of the prospectus, which is available at www.nuveenglobal.com.

Past performance

There is insufficient data to produce a useful indication of past performance for the share class.

Past performance is not a reliable guide to future performance. The value of your investment may go down as well as up and you may not get back your original investment.

Past performance does not take into account any entry, exit or switching charges but does take into account the ongoing charge, as shown in the "Charges for this Fund" section.

The performance of this Class is calculated in US Dollars. The Fund is yet to launch. This Class is yet to launch.
