Select your investment providers

Tell us where to send the money. Your options for investment providers are Corebridge Financial, Fidelity, TIAA and Voya. If you do not choose an investment provider, contributions remitted on your behalf will default to an investment provider selected by the plan sponsor for the NYS VDC Program.

1. Click *Continue Enrollment* to select your investment provider(s). You will see **Manage Elections**; click *Continue*. Decide if you want to direct all of your contributions to the same investment provider(s) and click *Yes* or *No*. If you choose *Yes*, all contribution types—employer and employee contributions—will be directed to the same investment provider(s) in the same percentages. If you choose *No*, you will then make your choices by contribution type.
2. Enter the percentage you would like to allocate to each investment provider. Select at least one investment provider or you may allocate to several. Ensure your total equals 100 percent.
3. Click *Next*.
4. The **Review your contributions** page displays. You must click on the box to indicate that you have read and accept the Terms and Conditions. Click *Confirm*.
5. The **Confirmation** page displays. You will be prompted to visit the enrollment website of each of the investment providers you've selected to open an account. Do not close this Confirmation page, but proceed to step 4.

4

Open an investment account with each of your investment providers

Now that you have selected your provider(s), you need to let them know how you would like your money to be invested. Simply click on the link(s) provided on the Confirmation page to go directly to each investment provider's account enrollment website to open an account with them and select how you want your contributions invested. Please note: You will exit the VDC Program site and be taken to the provider's website to complete this task. If you selected more than one provider, you must return to this page and click each provider's name to complete the process.

If you have questions about investment options and expenses, call your investment provider directly at the numbers shown on the next page.
