7. Consider the controls applied by the Independent Auditor and measures taken by management to assure that all items requiring pre-approval are identified and timely presented to the Committee.

8. Resolve disagreements between management and the Independent Auditor regarding financial reporting.

B. Internal Audit

The Committee shall review information and reports from the head of the Internal Audit division of Teachers Insurance and Annuity Association of America (“Internal Audit”) with respect to the following and, as the Committee deems appropriate, discuss with the head of Internal Audit:

2. Significant estimates and judgments or, as appropriate, significant changes in estimates and judgments made in management’s preparation of the financial statements.

3. If applicable, (a) any significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the Funds’ ability to record, process, summarize, and report financial information, and (b) any fraud, whether or not material, that involves management or other employees who have a significant role in the Funds’ internal control over financial reporting, each of which must be disclosed to the Committee by the principal executive officer and/or principal financial officer pursuant to the certification requirements of Form N-CSR.
