For its stability, claims-paying ability and overall financial strength, TIAA is one of only three insurance groups in the United States to currently hold the highest possible rating from three of the four leading insurance company rating agencies: **A.M. Best**, **Fitch** and **Standard & Poor's** and the second highest possible rating from **Moody's Investors Service**. There is no guarantee that current ratings will be maintained. The financial strength ratings represent a company's ability to meet policyholders' obligations and do not apply to variable annuities or any other product or service not fully backed by TIAA's claims-paying ability. The ratings also do not apply to the safety or the performance of the variable accounts, which will fluctuate in value.

**Accumulations are credited with interest based on when contributions and transfers are received, and your performance will reflect your pattern of contributions. The returns shown in the table reasonably represent what an individual making level monthly premiums would have historically earned over the time periods. Returns for different time periods are calculated in two steps: monthly performance returns are calculated from an accumulation created by a series of level monthly premiums over the prior 10 years (or the inception date of the product if later), and those monthly returns are linked together to determine historical performance for each of the return periods shown.**

### Account Overview

TIAA Traditional is designed to be a core component of a diversified retirement savings portfolio. It has helped prepare millions of people like you with a solid foundation for retirement. Contributing to it gives you the peace of mind and certainty that you will have a "salary" in retirement that can help cover your basic, everyday living expenses without worrying about outliving your income. In up and down markets, TIAA Traditional preserves the value of your savings. In fact, your balance will grow every day – guaranteed. Our unique approach, consistent with TIAA's overall mission, may reward you with additional amounts of lifetime income the longer you have contributed to TIAA Traditional.

When you are ready, you can choose when and how much to convert to lifetime income so you can be certain you (and a spouse or partner you may choose to include) will have income you cannot outlive – a choice that only an annuity can provide. If you can cover your basic living expenses with a TIAA Traditional Annuity you will be able to use the other money you have saved for discretionary purposes.

For Retirement Choice Plus (RCP) contracts, a guaranteed rate is set each March 1st for amounts remitted through the last day of February. The floating guaranteed rate will be between 1%–3%, inclusive (based on the 5-year Constant Maturity Treasury Rate less 125 bps). The guaranteed rate is established each year for all accumulations and contributions. The current guaranteed rate is 1.00% through February 28, 2018. The account also offers the opportunity for additional amounts in excess of the guaranteed rate. When declared, additional amounts remain in effect for the twelve-month period that begins each March 1.

### Participant Transfers, Withdrawals and Income Options

For RCP contracts, and subject to the terms of your employer's plan, lump-sum withdrawals and transfers are available from the TIAA Traditional account without any surrender charges.

Certain RCP contracts impose a "90-day equity wash rule". Under those contracts, if your plan offers investment options known as "competing funds" (for example, a money market account, short-term bond funds, self-directed brokerage accounts, or the TIAA Real Estate Account), and you want to transfer money from TIAA Traditional to one of those options, the amount you transfer must first be directed to a non-competing option (for example, a stock fund or intermediate-term bond fund), where it must remain for 90 days before being transferred to the competing fund, including transferring back to TIAA Traditional. (TIAA Contract form IGRSP-02-ACC / TIAA Certificate form IGRSP-CERT3-ACC).

Irrespective of when your employer's RCP contract was issued, if you transfer out of TIAA Traditional and transfer back within 120 days, the amount up to the original transfer will be credited with the same interest rates that would have applied if the transfer out had not taken place. Such interest will be credited from the date the transfer in was made. Interest will not be paid for the period from the date of the transfer out to the date of transfer in.

After termination of employment additional income options may be available including income for life and IRS required minimum distribution payments. We provide a wide selection of income choices because we know that individual goals and needs differ. To find out more, call us at **800-842-2252**.
