## PLEASE READ BEFORE FILLING OUT FORM

State laws may require mandatory state income tax be withheld from your distributions. Our records indicate that you are a legal resident of one of the states listed in Section 3 of this form, and may therefore be subject to state withholding from your cash distributions. If your legal residence is not one of the states listed on this form, please contact us to ensure you receive the proper withholding form. If you do not return a withholding form, TIAA is required to withhold state income taxes at the state tax default rate shown on this form. Before making an election, be sure to read any notes in Section 3 that may apply to your state of residence.

Please keep in mind:

1. Non-Rollover Eligible Payments are payments that cannot be rolled over to an IRA or other similar retirement plan.
2. There may be penalties for not paying enough state income tax during the year.
3. State tax withholding rates are always subject to change.
4. If you are a resident of Kansas and the distribution is from a Kansas Board of Regents plan, the distribution may be exempt from tax; therefore, you may elect to have no withholding.
5. If you are a resident of North Carolina and the distribution is considered exempt under the Bailey/Emory/Patton Settlement, the distribution may be exempt from tax; therefore, you may elect to have no withholding.
6. If you are a resident of Michigan and:
  - You (or your spouse if filing jointly) were born prior to 1946, all benefits from public sources (as defined by the Michigan Department of Treasury) are exempt from Michigan state taxes. Benefits from private sources may be subtracted for a single filer or married filer filing separately or if married filing a joint return for the current tax year. Any private pension payment in excess of Michigan income limits is taxable.
  - You (or your spouse if filing jointly) were born during the period 1946 through 1952, a portion of all private and public pension and annuity benefits may be subtracted from Michigan taxable income.
  - You (and your spouse) were born after 1952, all private and public pension and annuity benefits are fully taxable and may not be subtracted from Michigan taxable income.
  - If you feel your distribution is not subject to state taxes, then you may elect to have no withholding.

If you elected Income Test Drive, please be sure to complete both Sections 3A and 3B for the Mandatory State Income Tax Withholding Election. Otherwise, you can leave Section 3B blank.

Be sure to read and fill out all necessary parts of this form to avoid any delay in the processing of your request.

You can change your withholding elections online by visiting [TIAA.org](https://www.tiaa.org).

Any tax information included in this written or electronic communication was not intended or written to be used, and it cannot be used by the taxpayer, for the purpose of avoiding any penalties that may be imposed on the taxpayer by any governmental taxing authority or agency.
