Report of Independent Registered Public Accounting Firm

To the Board of Managers and Member of TIAA-CREF Individual & Institutional Services, LLC

Opinion on the Financial Statement – Statement of Financial Condition

We have audited the accompanying statement of financial condition of TIAA-CREF Individual & Institutional Services, LLC (the “Company”) as of December 31, 2022 including the related notes (collectively referred to as the “financial statement”). In our opinion, the financial statement presents fairly, in all material respects, the financial position of the Company as of December 31, 2022 in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

The financial statement is the responsibility of the Company’s management. Our responsibility is to express an opinion on the Company’s financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit of this financial statement in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud.

Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

Jacksonville, FL
March 1, 2023

We have served as the Company’s auditor since 2005.

**Total liabilities** 85,139

**Member's capital** 162,511

**Total liabilities and member's capital** $247,650

The accompanying notes are an integral part of these financial statements.
1. Organization

TIAA-CREF Individual & Institutional Services, LLC (“Services”) was incorporated on September 4, 1990 as a membership corporation and is a wholly owned subsidiary of Teachers Insurance and Annuity Association of America (“TIAA”), a legal reserve life insurance company established under the insurance laws of the State of New York in 1918. Services is a registered broker-dealer under the Securities Exchange Act of 1934, as amended and a member of the Financial Industry Regulatory Authority. Services is registered as an investment advisor under the Investment Advisers Act of 1940, as amended and provides investment advisory services to individuals.

Services maintains a contractual arrangement with its affiliate, Nuveen Securities, LLC (“NSLLC”) to distribute shares of various mutual funds on a retail basis for which NSLLC is the principal underwriter.

Services offers brokerage services to individuals as an introducing broker clearing on a fully disclosed basis through Pershing, LLC (“Clearing Broker”). Services also offers investment advisory services to individuals maintaining accounts at the Clearing Broker for which it is separately compensated.

Services maintains a Distribution Agreement with TIAA-CREF Life Insurance Company (“TIAA Life”) under which Services is the principal underwriter and distributor for variable annuity, variable universal life, and market value adjusted annuity products offered by TIAA Life. Such activities performed by Services are on a cost reimbursement basis.

Services maintains a Third Party Insurance Products Service Agreement with TIAA-CREF Agency (“TC Agency”) in which Services is the distributor for variable insurance products. Services incurs expenses and is compensated for activities associated with the distribution of third party variable products.

Services maintains distribution agreements with numerous unaffiliated mutual fund groups, and collaborates with TIAA to offer direct sales of selected mutual fund investments (“non-proprietary funds”) to customers of TIAA. Services receives distribution fees on the sale of these non-proprietary funds.

Services maintains a Distribution Agreement and Field Support Agreement with TIAA-CREF Tuition Financing Inc. (“TFI”) under which Services is compensated for actual costs incurred for services it provides to TFI related to various state tuition savings plans. Such activities are performed by Services on a cost reimbursement basis.

Services maintains a Distribution Agreement with TIAA under which Services is the principal underwriter and distributor for variable annuities issued by TIAA. Services also maintains a Distribution Agreement with TIAA under which Services is the distributor for proprietary and non-proprietary mutual funds.
Services incurs expenses for distribution activities related to the issuance of variable annuity contracts by the College Retirement Equities Fund ("CREF") and on behalf of the TIAA Real Estate Account ("REA"). Such activities performed by Services are at cost, pursuant to a Principal Underwriting and Distribution Services Agreement with CREF and a Distribution Agreement with REA. Fees are earned by Services based on a percentage of CREF's and REA's daily net assets, adjusted to actual costs quarterly, based on actual amounts charged to Services by TIAA.

Various cash disbursements for Services are made by TIAA and its wholly owned affiliate Nuveen, LLC ("Nuveen"). Both TIAA and Nuveen are reimbursed by Services in accordance with Cash Disbursement and Reimbursement Agreements. TIAA and Nuveen allocate certain costs and expenses, including certain direct costs, to Services. These costs and expenses primarily relate to personnel, facilities, computer equipment and software, office equipment and supplies, utilities, advertising and sales materials. It is possible that the terms of these transactions are not the same as those that would result from transactions among wholly unrelated parties.

Services has an agreement with TIAA, FSB ("Trust Company"), a wholly owned subsidiary of TIAA, under which the Trust Company provides advisory services on investment advisory customer accounts for Services. Services also has an agreement with the Trust Company under which Trust Company provides bank sweep account services for customer accounts and pays Services administrative service fees for assets swept. Services also has an agreement with the Trust Company where it receives fees for clients referred to the Trust Company's private asset management product.

Services has an agreement with MyVest Corporation ("MyVest"), a wholly owned subsidiary of TIAA, under which MyVest provides information technology services on investment advisory accounts for Services.

2. Significant Accounting Policies

Basis of Presentation
The accompanying financial statements have been prepared in accordance with generally accepted accounting principles in the United States of America ("GAAP"). In preparing these financial statements, Services has evaluated events and transactions for potential recognition or disclosure through March 1, 2023, the date the financial statements were available for issue.

Use of Estimates
The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

Methods for Determining Fair Value
In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risk existing at each balance sheet date.
For the majority of financial instruments, standard market conventions and techniques are used to determine fair value. Cash, receivables, and other assets are financial assets with carrying values that approximate fair value because they are generally short-term in nature. Due to affiliates and other payables are financial liabilities with carrying values that also approximate fair value because they are generally short-term in nature.

3. Cash

Approximately 13% of Services' cash is held at State Street Bank and Trust Company. The remaining 87% is held at JPMorgan Chase & Co. All of Services' cash segregated under regulatory requirements is held at US Bank. Financial instruments that potentially subject Services to a concentration of risk consist principally of cash balances deposited into one financial institution, which, at times, may exceed federally insured limits. The Federal Deposit Insurance Corporation currently insures cash balances up to $250 thousand. Services’ management monitors these balances to mitigate the exposure of risk due to concentration and has not experienced any losses from such concentration.

4. Taxes

Services is a single member LLC and, as such, is treated as a division of TIAA for federal and most state income tax purposes. Because of its status, Services is disregarded as a separate entity for income tax purposes and thus does not record income taxes in its financial statements.

Services is not a legal entity for tax purposes and not a member in the TIAA tax sharing agreement or any other formal tax sharing arrangement.

Services is subject to various state taxes based on revenues or business license taxes. Revenue based taxes are partially subject to reimbursement by affiliates under agreements to perform services “at cost.” These taxes are not significant and amounts due are included as 'Other Liabilities'.

5. Special Reserve Bank Account

Cash of $20.9 million, which is recorded in the Statement of Financial Condition as cash segregated under regulatory requirements, has been segregated in a special reserve bank account for the exclusive benefit of customers under Rule 15c3-3 of the Securities and Exchange Commission (“SEC”). Cash held temporarily for customers is related to remittances awaiting final instructions or documentation from the customer. Services includes cash and securities held temporarily for customers and certain other associated items in determining the amount required to be held as segregated cash under Rule 15c3-3 of the SEC.

6. Minimum Net Capital Requirements

As a registered broker-dealer, Services is subject to the minimum net capital requirements pursuant to the Uniform Net Capital Rule 15c3-1 of the SEC ("Rule"). Under the Rule, Services is required to maintain minimum net capital, as defined under the Rule, equal to the greater of $250
thousand or 6 2/3 percent of aggregate indebtedness, as defined under the Rule. At December 31, 2022, Services had net capital of $90 million which exceeded required net capital by $85 million and a ratio of aggregate indebtedness to net capital of 0.94.

In order to ensure that Services maintains sufficient capital, TIAA’s Board of Governors may approve TIAA to make additional capital contributions to Services. On December 7th, 2022 the TIAA Board of Trustees approved TIAA to make periodic additional capital contributions to Services up to $500 million in the aggregate in installments as needed to support the operational and capital needs of Services.

7. Commitments and Concentration of Credit Risk

Services offers discount brokerage services through the Clearing Broker on a fully disclosed basis. Pursuant to the terms of the agreement between Services and the Clearing Broker, the Clearing Broker has the right to charge Services for losses that result from a customer’s failure to complete a purchase or sale transaction.

The maximum potential liability of Services could be equal to the aggregate trading volume of its customers’ transactions during the settlement period; however, this amount cannot be estimated due to the volatility in daily trading volumes. The liability is minimized by the fact that, in the event of nonperformance by the customer, the underlying security would be transferred to Services who could, in turn, immediately liquidate the position, limiting the loss exposure to the market fluctuation in the underlying price of the security. Additionally, Services may seek recourse from the customer by reimbursing itself from any cash or securities in the defaulting customers’ account. At December 31, 2022, Services has recorded no liability with regard to customer transactions. During the year ended December 31, 2022, Services experienced immaterial net losses as a result of its customers’ failure to fulfill any purchase or sale transactions.

Services’ has retail brokerage clients who conduct securities transactions on a margin basis. In margin transactions, credit is extended to customers by the Clearing Broker subject to various regulatory and internal margin requirements. As an introducing broker, it is Services’ responsibility to collect initial margin requirements from its clients and to monitor the adequacy of such collateral on an ongoing basis. In this regard, Services may require the deposit of additional collateral or may reduce security positions as necessary to satisfy regulatory and internal requirements. Margin transactions may expose Services to credit and market risk in the event a client fails to satisfy its obligations. In that event, Services may be required to purchase or sell financial instruments at current market prices to satisfy the customer’s obligation to the Clearing Broker. The maximum amount of Services’ potential exposure to reimburse the Clearing Broker on margin accounts may fluctuate daily depending on the amount of secured borrowings requested by customers, and may not be readily estimated due to volatility in the amount of such borrowings. No amount is accrued in these financial statements for potential reimbursements to the Clearing Broker on margin loans extended to Services’ customers. Services mitigates this risk by revaluing collateral at current prices, limiting portfolio concentration and by monitoring compliance with credit limits and industry regulations.
In the normal course of business, Services may be named, from time to time, as a defendant in various legal actions, including arbitrations, class actions and other litigation, arising in connection with its activities as a financial services institution. Services is also involved, from time to time, in other reviews, investigations and proceedings (both formal and informal) by governmental and regulatory agencies regarding Services’ business, and involving, among other matters, sales and trading activities, financial products or offerings sponsored, underwritten, sold, or distributed by Services, and accounting and operational matters, certain of which may result in adverse judgments, settlements, fines, penalties, injunctions or other relief. Services contests liability and/or the amount of damages, as appropriate, in each pending matter.

8. Related Party Transactions

Amounts due from and to affiliated entities related to the distribution of insurance products, mutual funds, and tuition savings plans and Trust Company agreements are reflected in the table below.
