Client relationship summary, as of July 31, 2023

This summary is provided to help you make informed decisions about the services, products and accounts offered by TIAA-CREF Individual & Institutional Services, LLC ("TC Services," “we,” “us,” “our”), and includes important information about the recommendations we make and the fees we charge. TC Services is a TIAA affiliate and Securities and Exchange Commission registered broker-dealer ("BD") and investment adviser ("RIA"). BD and RIA services and fees differ, and it is important that you understand the differences. Free and simple tools are available to research firms and financial professionals at Investor.gov/CRS. The site also provides educational materials about BDs, RIAs and investing.

1. What investment services and advice can you provide me?

We offer both BD services and RIA services to retail investors. If you have a Plan, or are a participant of, we may use data from the Plan to provide these services to you. Plan sponsors do not review or endorse any services, accounts or products available outside of their Plans.

Broker-dealer services

Through our BD representatives and online tools and calculators we can:

- Recommend that you open, contribute or consolidate your assets (by rolling over or transferring) to accounts/products we recommend as a BD (listed on right)
- Recommend that you purchase and sell specific investments for your Plans (where available), IRAs offered by TIAA (excluding managed account IRAs) and certain affiliated annuities, but not for brokerage accounts offered by us
- Recommend annuitizing affiliated annuity products to create lifetime income
- Buy and sell securities for your accounts at your direction
- Offer education and enrollment services that do not involve a recommendation

Financial planning is provided based on your needs at the time of the service and does not include any investment recommendations. Your accounts are not monitored as part of this service, and TC Services does not make any decisions regarding the purchase or sale of investments in your accounts.

Our BD services and accounts/products we recommend as a BD are not subject to minimums and do not provide ongoing monitoring. They are non-discretionary. You make the ultimate decision regarding the purchase or sale of investments.

Registered investment adviser services

Through our RIA representatives we can:

- Provide financial planning to help you understand your goals and make a plan to pursue them
- Recommend that you open, contribute or consolidate your assets (by rolling over or transferring) to accounts/products we recommend as an RIA (listed on right)

Our managed accounts include a customized model portfolio limited to mutual funds and/or exchange-traded funds ("ETFs"), are subject to minimums and provide ongoing monitoring and discretion by us.

TIAA Trust, N.A. managed accounts include a customized portfolio limited to mutual funds, ETFs, individual equity securities and/or bonds, are subject to minimums and provide ongoing monitoring and discretion by TIAA Trust, N.A.

As a BD we recommend:

- Employer-sponsored plans recordkept by TIAA ("Plans")
- Brokerage accounts offered by us
- Individual Retirement Accounts ("IRAs") sponsored by TIAA (excluding managed account IRAs)
- Affiliated retirement annuity products available in Plans and IRAs
- Affiliated annuity products available outside of Plans and IRAs

As an RIA we recommend:

- Managed accounts offered by us
- Managed accounts offered by TIAA Trust, N.A. (our affiliated trust company)

1 For BD recommendations you’ll receive the Regulation Best Interest disclosure.
2 For RIA services you will also receive the ADV 2A disclosure brochure.
2. What fees will I pay?

There are fees associated with our BD and RIA services and the accounts/products we recommend (see fee chart on page 3). You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

These fees create conflicts of interest. We have an incentive to encourage you to invest or consolidate your assets into the accounts/products we recommend because TC Services and its affiliates and representatives are compensated when you do so. Specific conflicts of interest are addressed in the next question.

Fee types and definitions—A fee is the principal amount you pay for the product or service

For more information about fees and their frequencies, see TIAA.org/relationshipdisclosures.

Account fees
These fees can include various account maintenance fees, transfer fees, a termination fee, contingent deferred sales charges or other charges that may be incurred upon the sale of a security transferred into an account at your request and/or redemption fees.

Asset-based fee
The account’s monthly fee determined by the market value of assets in an account.

Asset-based wrap fee
The account’s quarterly fee determined by the market value of assets in an account and inclusive of most transaction costs and fees charged by TC Services and its clearing firm.

Referral fees
We may receive one-time or ongoing referral fees for referring you to affiliated or unaffiliated service providers for bank deposits, insurance sales or investment management services.

Brokerage commissions
Fees for the purchase or sale of securities in an account.

General administrative expenses
Expenses charged to or deducted from Plan balances to pay service providers like TIAA for plan administrative service.

Insurance fees
These fees can include state premium taxes, upfront sales loads, surrender charges, cost of insurance charges, administrative charges and mortality and expense risk charges.

Investment expenses
Expenses associated with the investments held (i.e., funds), whether directly or in an account, as disclosed in a prospectus or similar document. Such expenses vary by product and share class and depend on the distribution arrangement we have in place with the product sponsor.

Transaction fees
Transaction charges for each applicable transaction.
3. What are your legal obligations to me when providing recommendations as my broker-dealer or when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we provide you with a recommendation as your broker-dealer or act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the recommendations and investment advice we provide you. Here are some examples to help you understand what this means.

What to ask a representative

Help me understand how these fees and costs might affect my investments. If I give you $10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

How might your conflicts of interest affect me, and how will you address them?

Additional information

You should recognize there are differences between our RIA and BD services. The fiduciary duty that extends to RIA services is broader than the best interest standard under Regulation Best Interest that applies to our BD services. You can find more information about conflicts of interest specific to our RIA and BD services and accounts/products we recommend at TIAA.org/relationshipdisclosures.

### 4. How do your financial professionals make money?

Our financial professionals are paid a **salary plus bonuses**. The bonus is primarily based on gathering and in some cases retaining client assets at TIAA. As a result, they have a conflict of interest. For more details, see [TIAA.org/relationshipdisclosures](http://TIAA.org/relationshipdisclosures).
